# Nurses and Midwives Agreement

## EA Update 27 – Important Information

As you may be aware, the Tasmanian State Government has referred all other public sector agreements currently in negotiation to the Tasmanian Industrial Commission (TIC) for arbitration on wages. The Nurses and Midwives Agreement **has not** been referred to the Commission as there is currently an offer under consideration by Australian Nursing and Midwifery Federation Tasmanian Branch (ANMF) members. Please note that this does not rule out the agreement being referred to the Commission in the future.

The ANMF have contacted the Tasmanian State Government in a bid to ensure that nurses and midwives will not be left disadvantaged by any outcome that the Commission hands down in regard to wages.

The ANMF will contact members via an enterprise agreement (EA) update as soon as the Tasmanian State Government provides a response to our request. This will include information on actions moving forward. Actions will depend on the Tasmanian State Government's position in regard to ensuring no disadvantage to nurses and midwives.
