### Private Sector Members State-Wide

## The ANMF asks employers to pay \$2000 payment in line with Public Service

The Australian Nursing and Midwifery Federation Tasmanian Branch (ANMF) has sent formal correspondence to all private sector main hospitals, seeking a commitment to match the COVID-19 payment to members in the public sector of \$2000. The ANMF acknowledge the impact that COVID-19 has had on all our members in the private sector who have worked tirelessly throughout the pandemic.

The request is for members working at Calvary hospitals state-wide, Healthscope and the North West Private hospital to be recognised for their loyalty and contribution during the COVID-19 pandemic and ongoing commitment to their workplace. The ANMF believe that members should be remunerated appropriately for their consistent compassionate care throughout this unprecedented pandemic and that you should not be excluded from the bonuses extended to the public sector and aged care workers prior to now.

Should this request for recognition be denied, the ANMF if able will progress these payments via alternative industrial avenues.

**The ANMF Tasmanian Branch is 8000 plus members strong! Supporting nurses, midwives, and care workers as the only union in Tasmania employing nurses and care workers to represent members. This is why our Organisers and Member Support Team are uniquely positioned to understand your experiences, represent you in your workplace, and offer industrial advice that's relevant to you.**
