## Mount Esk Household Model of Care Concerns

The Australian Nursing and Midwifery Federation Tasmanian Branch (ANMF) has been in contact with concerned members following what is seen as a rushed roll out of the Household Model of Care (HHMC) at Mount Esk.

The ANMF wrote to the Facility Manager Nicole Raj on the 5 September 2023 to seek clarity around the HHMC roll out at Mount Esk but, to date, has not received a response to those concerns. Members remain frustrated and concerned for the wellbeing of the health of the residents in their care and feel the roll out of the HHMC have directly impacted on these residents.
