

ANMF EA UPDATE 5

Wintringham

The Australian Nursing and Midwifery Federation Tasmanian Branch (ANMF) continues to engage with Wintringham management to finalise the drafting of the Enterprise Agreement (EA).

Bargained outcomes

As previously reported, the wage increases on offer in bargaining are, as expressed by Wintringham, inclusive of the 2.5% interim increase that has already been paid this year.

The composition of the increases will be:

- 4% in the first year from First Full Pay Period commencing on or after 1 July 2024 (inclusive of the 2.5% interim increase that has already been paid).
- 3.75% from First Full Pay Period commencing on or after 1 July 2025.
- 3.25% from First Full Pay Period commencing on or after 1 July 2026.
- 3% from First Full Pay Period commencing on or after 1 July 2027.

The offer includes some conditions improvements, including an increase to the paid component of parental leave to 14 weeks for the primary care giver and 6 weeks for the supporting partner. These entitlements will be expressed as being in addition to any payments the employee may be entitled to under the Commonwealth Government's Paid Parental Leave Scheme.

Funded work value increases

Wages for care workers are due to increase from **Wednesday 1 January 2025** as a result of the Aged Care Work Value Case in the Fair Work Commission, which the Government continues to provide dedicated additional funding for.

The funded work value wage increases are in addition to the increases negotiated in EA bargaining.

- The EA will include a commitment that Wintringham will provide both the work value increases as per Government funding guidelines, as well as maintaining the quantum and timing of the bargained wage increases specified above.

Wintringham management is preparing to put the agreement to a vote of employees.
