Mersey Community Hospital Perioperative Theatre and Day Surgery Unit Workload and Skill Mix Concerns

The **Australian Nursing and Midwifery Federation Tasmanian Branch (ANMF)** has met with members at **Mersey Community Hospital (MCH) Perioperative Theatre (OT) and Day Surgery Unit (DSU)** who continue to express concerns regarding short staffing and skill mix.

While the **Tasmanian Health Service (THS)** continues to claim they are shocked by any such claims, the **ANMF** needs your help to bring data to the **THS** that they can't deny. Please complete, and encourage your colleagues to complete, the survey below every shift you work. Once we have the data the **ANMF** will be raising a grievance and if unable to be resolved at the local level it will be lodged in the **Tasmanian Industrial Commission (TIC)**.
