

ANMF NEWSFLASH

Royal Hobart Hospital Department of Critical Care Medicine Benchmarking Proposal Update & 12-Hour Shift Survey

The Australian Nursing and Midwifery Federation Tasmanian Branch (ANMF) advises members that the recent benchmarking proposal was accepted by the majority of members. As such, the ANMF has formally advised management that this proposal is endorsed.

The ANMF also acknowledges the feedback received from members regarding the recent 12-hour shift survey and the confusion surrounding what members are being asked to vote on. In response, the survey will remain open until an ANMF member meeting has been held to provide clarification.

Details of this upcoming meeting will be communicated shortly.

Thank you to all members for your continued engagement. It is through your feedback and participation that the ANMF can best represent and advocate for you in these processes.

The ANMF Tasmanian Branch is 8000 plus members strong! Supporting nurses, midwives, and care workers as the only union in Tasmania employing nurses, midwives and care workers to represent members. This is why our Organisers and Member Support Team are uniquely positioned to understand your experiences, represent you in your workplace, and offer industrial advice that's relevant to you.
