Why the ANMF Matters

The ANMF is the **only union that solely employs nurses and midwives** as Branch Secretary, Organisers and Member Support Officers. These Officials work with legal Industrial Officers within the branch who are able to provide sound industrial advice and advocate legal avenues to resolve your issues alongside Organisers.

That means the people advocating for you **understand your work, your profession, and your industrial reality** — because they've lived it.

Our staff are trained industrial specialists who represent **nurses, midwives and Assistants in Nursing (AINs) only**. Your membership fees are not spread across other industries or workforces — they are used **exclusively to fight for your pay, conditions, safety and professional standards**.

We are:

- The **largest union of nurses, midwives and AINs in Tasmania**.
- Part of the **largest union of nurses and midwives in Australia**.
- A strong, experienced voice that government and employers **cannot ignore**.

If you want your voice heard, you need to be with the union that is **built by nurses, for nurses**.

Be heard. Be represented. Be with the ANMF.

The ANMF Tasmanian Branch is 8000 plus members strong! Supporting nurses, midwives, and care workers as the only union in Tasmania employing nurses, midwives and care workers to represent members. This is why our Organisers and Member Support Team are uniquely positioned to understand your experiences, represent you in your workplace, and offer industrial advice that's relevant to you.
