Mersey Community Hospital Emergency Department Shift Time Review

A review of patient data and workload in Mersey Community Hospital (MCH) Emergency Department (ED) has shown that some shift times do not align with the workload. As a result, it is proposed that roster shift times be altered. The shifts to be altered are KE to move to K7 and K8 to 0730hrs. The information has been presented at daily huddles and can be reviewed in the attached link 📎:
