

# AGED CARE ROYAL COMMISSION

## HOBART HEARINGS: 11-15 NOVEMBER 2019

From the 11th to the 15 November 2019, the Aged Care Royal Commission will be holding hearings in Hobart to investigate Tasmanian residential aged care facilities. We expect these hearings to uncover what is the undeniable truth; that **residents in aged care facilities deserve more, and ratios must be legislated.**

During the week, ANMF will be meeting with members across Tasmania who work in the Aged Care Sector to support them in becoming involved in the ANMF 'Aged Care Ratios Now Campaign.'

Keep an eye on communications from ANMF Tasmania on social media, in your email and online via [anmftas.org.au](http://anmftas.org.au).

We will be releasing meeting details, resources and updates relating to the campaign and the Aged Care Royal Commission throughout the week.

For those that want to act now, visit the ANMF Tasmanian Branch website for advice on how you can support the campaign.
